Marianne Hazel, Director of Development

Marianne@DiscoverySpace.org | 814.234.0200 ext. 258

Celebrate Science. Honor a Legacy.

Our Essential Elements program offers a one-of-a-kind opportunity to make a lasting impact on the world of science while supporting Discovery Space.

By adopting an element from our Periodic Table, you can celebrate a personal connection, pay tribute to a loved one, or mark a special occasion with a meaningful legacy.

How It Works

Select your element, choose your giving level, and have your name and message inscribed on the Periodic Table that is prominently displayed in the Discovery Space Science Center and featured on our website. Each dedication represents a meaningful tribute to our mission of inspiring curiosity and fostering innovation.

Proton Level (\$1,000 - \$4,999)

For foundational contributions that support our core mission.

Neutron Level (\$5,000 - \$9,999)

For significant contributions that drive impactful initiatives.

Electron Level (\$10,000+)

For transformative contributions that propel us to new heights.

Claim Your Element Today

Browse our display in the science center or visit our website (DiscoverySpace.org/essential-elements) to view the color-coded elements already adopted by generous supporters.

Select your element, choose your giving level, craft your message, and complete the form on the back page or on our website to be a part of this enduring tribute.

Examples:

- Gd - Gadolinium: Used in MRIs to help diagnose tumors
- Lv - Livermorium: For my Pop who loved liver and onions
- Mc - Moscovium: For your Aunt Julie, Moscato-lover
- Nh - Nihonium: (Almost) say hello in Japanese - "Ni hao"
- Pa - Protactinium: For the one and only Keystone State
- Th - Thorium: For the serious Marvel fan

Adopt an Element
