

Spark Internship 2025-2026 School Year

The Spark Internship gives high school students interested in STEM education the opportunity to actively participate behind-the-scenes at Discovery Space & The Rivet.

Program Benefits

Gain hands-on experience with STEM education and makerspace tools.

Help bolster creativity, curiosity, and imagination through informal STEM education.

One-on-one guidance with a dedicated Discovery Space educator.

Earn volunteer hours that can contribute to your school or club requirements.

Enhance your college applications, making you stand out as a motivated and proactive student.

Build relationships with fellow interns and Discovery Space & The Rivet staff.

Program Requirements

- Attend weekly meetings on Fridays 4:30pm-5:30pm (November 1-May 23, 2024).*
- Participate in additional volunteer opportunities throughout the school year.
- Set goals with Spark lead for skills you would like to gain.
- Work in a team to complete a project relating to exhibits, outreach, or programming.
- Keep track of volunteer hours throughout the school year.

*There will be no meetings on days SCASD has no school.
