

PVEI 6th Grade Girls: Join Discovery Space for a STEM-focused after-school program during Spring 2026

STEMPOWERED is an after-school enrichment program that empowers girls by building their confidence in Science, Technology, Engineering, and Math (STEM) and raising awareness of STEM career options. The program features hands-on experiments, engineering challenges, and field trips to meet female STEM professionals.

Dates

- Session 1: Veterinary Science
 - 3/5, 3/12, 3/19 (off-site field trip), 3/26
- Session 2: Experimental Economics
 - 4/23, 4/30, 5/7 (off-site field trip), 5/14

Details:

- Takes place after school on Wednesdays.
- Discovery Space provides transportation, a snack, and all materials for the program.
- Pick up is in front of PVEI at 4:30pm (with the exception of off-site field trips, when pick-up will be ~5:30pm).

This program is FREE, and transportation is provided, but space is limited to the first 20 registrants!

How Do I Sign Up?

- Create a Soapbox account if you don't already have one
- Register online at the links below by:
 - Session 1: Mon. 3/2
 - Session 2: Mon. 4/20
- Await your registration confirmation email.
- Meet in the 5th grade hallway lab after school on each meeting day!
