

STEM POWERED

Calling All Penns Valley Intermediate School 5th Grade Girls!

Join Discovery Space for this STEM-focused after-school program during Fall 2026

STEMPOWERED is an after-school enrichment program that empowers girls by building their confidence in Science, Technology, Engineering, and Math (STEM) and raising awareness of STEM career options. The program features hands-on experiments, engineering challenges, and field trips to meet female STEM professionals.

Dates

- Session 1: Food Science
 - 9/30, 10/7, 10/14 (off-site field trip), 10/21
- Session 2: Biomedical Engineering
 - 10/28, 11/4, 11/11 (off-site field trip), 11/18

Details:

- Takes place after school on Wednesdays.
- Discovery Space provides transportation, a snack, and all materials for the program.
- Pick up is in front of PVEI at 4:30pm (with the exception of off-site field trip days)

This program is FREE, and transportation is provided, but space is limited to the first 20 registrants!

How Do I Sign Up?

- Register online at the link below by Fri, 9/25 in our booking platform, Roller.
- Await your registration confirmation email.
- Meet in the 5th grade hallway lab after school on Wednesday, September 30th!

Sign up today: DiscoverySpace.org/stempowered
